TISHOMINGO 10-4

ADA NORMAL 9-5

RIVAL TEAMS WIN ONE GAME EACH BY CLOSE MARGIN.

The Normal base ball team has just returned from its first trip to Tishomingo. The boys all report a good time and some valuable experience. The two games with the A. & M. were hotly contested from beginning to end.

The weather Thursday was very cold, the wind blowing from the north at a rate of about forty miles an hour. This accounts for the large score, which was A. & M. 10, Normal 9. The game was a slugging match from first till last, six home runs being made in the game, four by the A. & M. boys and two by the Normal boys. McKinney and McDaniel made the two for Ada.

By far the better game of the two was the one yesterday. Only in one inning did the Ada boys permit an A. & M. man to cross the plate. This time, however with a home run, three singles, and one error, the farmers succeeding in sending four men across, making the score four to one in favor of the farmers. This happened during the second inning, and the score was not changed till the first of the fourth when a single, a steal, and another single scored another run for the Normalites. The score stood 4 to 2 till the beginning of the seventh when the Ada boys sent two more across the plate, tying the score. In the first of the eighth the Ada boys made another run and won the game as neither side was able to score during the ninth. The features of the game were the pitching of Donaghey and the batting and base running of Currie, McMillan, C. and McCain, Currie and McMillan got three hits each out of five times at bat. Currie stole five bases and McCain two.

The line up for Ada was as follows: First Game--Currie, catcher, Houpt right field; McKinney, center field; Donaghey, first base; McDaniel, left field; McMillan, C., third base; McCain, short stop; McMillan, R., second base; Jones, "Pat", pitcher.

Second Game--Currie, catcher; McMillan, C., third base; McKinney, center field; Donaghey, pitcher; McDaniel, first base; McCain, short stop; Robinson, left field, Houpt, right field; McMillan, R., second base.

Score by innings first game:
Ada 0 1 4 0 2 0 2 0 0
Tishomingo 0 2 0 0 0 6 2 0

Second game:
Ada 1 0 0 1 0 0 2 1 0
Tishomingo 0 4 0 0 0 0 0 0 0

Congressman Creager in Town.

Ex-Congressman C. E. Creager of Muskogee arrived this morning and is spending the day looking after business. Besides being a politician, Mr. Creager is an enthusiastic newspaper man, owning stock in several papers of the state. He says he is proud of the latter fact than of the former. Mr. Creager established himself firmly as a man of courage and right intentions when he corroborated Senator Gore in the Hamon bribery matter. Mr. Creager being also approached and indignantly refusing the offer to compromise his honor for any sum of money.

CIVIL SERVICE EXAMINATION FOR POSTOFFICE CLERKS

On April 29 the first civil service examination for a clerkship in the Ada postoffice will be held. One appointment will be made at this time from the list of those making the required grade, but future appointments will be made from the list which will be kept on file.

Candidates must be not less than 18 and not over 45 years of age. Married women and cripples will not be permitted to take the examination.

Following are the subjects embraced in the examination and the credits allowed on each: Spelling, 10; arithmetic, 20; letter writing, 20; penmanship, 20; copying, 10; U. S. geography, 10; reading addresses, 10. Total 100.

For application blanks and further information, see Postmaster Winn.

OIL AND GAS

FOUND NEAR ROFF

Is Pontotoc county to become a great oil and gas center? It begins to look that way. These articles have been struck in so many parts of the county that appears that nothing remains to be done except go deep enough to strike the main pool.

The latest strike is on the Berry allotments, four miles west of Roff. In one of the wells oil was struck at a depth of 260 feet in a well being drilled for water. Gas was struck in a well a mile away from the other and at about the same depth. The flow is said to be very strong and necessitated abandoning the work with the light machine being used.

I. D. Nichols stated to the reporter today that in consequence of the discoveries, property values have advanced rapidly during the past two or three days. Saturday he was offered \$1,000 more for his hotel at Roff than he had previously offered it at, but he declined the offer. He also stated that the work of securing leases is being pushed rapidly.

Reese Palmer, who has been in charge of the Ada section on the Frisco for the past week, will leave tomorrow for Rava where he will be foreman of the extra gang, working there.

PIONEER CITIZEN

PASSES AWAY

About 8:30 yesterday morning M. V. Chapman, aged 75, died at the home of his nephew, John Chapman. His death was thought to be due to the bursting of a small blood vessel in the brain. He was stricken Friday, but rallied and was thought to be doing well, but later suffered a relapse and gradually sank until the end came.

He is survived by three children, these being a son at Coffeyville, Kansas, a daughter, Mrs. H. C. Dula, also of Coffeyville, and Mrs. J. W. Dean of Ada. A brother, W. W. Chapman, of Allen, Texas, was here at the time of his death.

Deceased was born at Greenfield, Indiana. He was associated with many of the leading men of the day, and was himself a well educated man and a writer of ability. For nearly thirty years he taught school, and among his pupils numbered James Whitcomb Riley, the famous poet. He had lived in this section about twelve years and was a valued friend to the writer, and to us the loss is in the nature of a personal one.

The funeral services will take place tomorrow at 9 a. m. at the cemetery.

\$35 Kitchen Cabinet Free

Every lady calling at the exhibit during the exhibition will be given the opportunity of securing a handsome \$35.00 kitchen cabinet free of cost. We respectfully request the honor of your presence at our store on any day of the week beginning

Monday, April 10

during which time we will have a demonstration of the famous

"NEVER-BREAK PORCELAIN RANGES" which will be in actual operation, and a representative from the factory will explain its many advantages during the demonstration. You can inspect this range whether you are interested in buying or not. The information gained will be of value to you.

"NEVER-BREAK PORCELAIN RANGES" are Beautiful, Durable, Sanitary and Clean, and can be fitted with large "L" water heater with safety valve for pressure boiler or nickel-plated copper reservoir.

OUR GUARANTEE

The porcelain on these ranges is a secret process that is entirely different and superior to any coated ware. We guarantee the porcelain parts of these ranges not to rust, chip, crack, discolor or to become affected by heat or cold during a period of ten years.

CRUCE APPOINTS NEW BOARD

ANNOUNCES NAMES OF MEN WHO WILL MANAGE STATE SCHOOLS.

Oklahoma City, April 10.--Governor Lee Cruce announced Saturday his appointments to the new state board of education, which will have entire control over seventeen different state educational institutions, and replace thirteen old boards.

The board is composed of Robert Dunlop of Newkirk, and Angelo C. Scott of Oklahoma City, appointed for two years; William E. Rowsey of Muskogee and William A. Brandenburg of Oklahoma City, for four years; O. Frank Hayes of Chandler and Scott Glenn of Shawnee, for six years. All of them have taken a prominent part in educational work in the state. State superintendent, R. H. Wilson is also member of the board, and ex-officio chairman of it.

Dunlop is now state treasurer. Scott was for years president of the Oklahoma A. & M. college at Stillwater, resigning just before the statehood. He now is a member of the faculty of Epworth university. Rowsey is a banker at Muskogee, with banking interests also at Coweta and Henryetta. Hayes has been county

superintendent of Lincoln county for a number of years. Brandenburg is city superintendent of Oklahoma City and Glenn occupies a similar position at Shawnee.

The new board held its first meeting in the governor's office Saturday afternoon to talk over plans and arrange for taking up its work.

The next meeting will be held Wednesday morning, when it is expected that a secretary will be elected, and reports received from several committees appointed Saturday to work out details of the work the board will have to do. It is understood that the matter of selecting presidents and teachers for the various state schools will be taken up with in the next two or three weeks.

San Jose Scale Invades Sapulpa.

Sapulpa, Okla., April 10.--F. S. Lozier, a resident of this city for many years and an experienced nurseryman declares that the dread San Jose scale has made its appearance on the trees within the city of Sapulpa, and unless checked at once, will play havoc with foliage in yards and gardens.

According to Mr. Lozier the scale was noticed this morning on trees on the premises of Louis Smith, and such is its propagation power that it behooves all interested to take immediate steps for doing something to destroy the pests.

B. C. King made a trip to Wewoka on legal business this morning.

JUDGE MCKEOWN REFUSES PETITION

This morning Joe Landers, through his attorney, B. C. King, sought to be released from jail by habeas corpus proceedings, holding that the records of the January term of county court did not show that it was in continuous session or that it had been adjourned from day to day when not in actual session, and was therefore illegal, and the conviction of Landers void. Judge McKeown denied the petition, however, and Landers was remanded to jail.

"PRACTICAL POINTS FOR POSTOFFICE PATRONS"

CHAPTER I.

For the benefit of Postoffice patrons and especially box holders receiving mail at the Ada postoffice, and with the indulgence of our "home paper," the Ada News--I will offer a few suggestions each week, that if heeded, by the patrons of this office, will insure to the mutual benefit of both patrons and employees of the office.

I do this of my own free will and accord and without solicitation, coercion, persuasion or undue influence upon the part of any one, but not without excuse or justification.

It is and has been my ambition to place the service at this office, upon the highest plane of perfection possible and with the co-operation of its patrons. We may easily make it one of the banner offices of the state and thereby greatly lessen the trouble and annoyance incident to the handling of mail matter generally.

I promise to ask no more of you than you have a right to expect of us. Watch the above heading.

U. G. WINN, Postmaster.

I. M. King is back from his trip to Wyoming. While there he ran into a fifteen inch snow and was convinced that he had invaded the realm of winter.

Easter Eggs, Lillies and Rabbits

For Easter Special in Ice Cream we will furnish Individual Ice Cream Eggs, any color, and Easter Lillies, white. Nothing more delicious and just what you want for the EASTER dinner. Place your orders at once and we will strive to see that they are filled properly. These are bought out of town and orders must be placed at once.

Also Chocolate Rabbits

Have you tried our DUTCH CHOCOLATE CREAM SODA or SUNDAE?

THE STATE BOARD OF EDUCATION

The News is inclined to think that
Gov. Cruce has shown no little wis-
dom in selecting the members of the
board of education. This plan is
his own and in it he admits his
principal interest lies. Therefore, it
is certain that he has given the very
closest attention to the work of se-
lecting competent men.

The workings of this board will
be watched with keen interest, not
only by Oklahomans, but by educa-
tors in other states. Never before
was so much power centered in one
board. In fact, with the possible ex-
ception of the board of affairs, there
is no body of men in the state that
has the disbursing of so much mon-
ey. Teachers for all of the state
schools, except the agricultural col-
leges will be in the hands of this
board. It will also select the text-
books, prescribe courses of study
and perform many other important
duties.

One great improvement that may
reasonably be expected to be brought
about at once is the proper correla-
tion of the various state schools.
Heretofore each school has run pre-
tently much to suit itself, without re-
gard to the others, and as a conse-
quence there has not only been no
uniformity in the curriculums, but
often actual conflict, one school en-
croaching on special lines properly
belonging to another.

There can be no question about
the desirability of the plan, and if
efficiency and not political pull is to
govern the appointment of teachers—
we believe it, will—Oklahoma will
soon be far in advance of other
states in matters of education.

The Tupelo Times rejoices over the
fact that the question of a perfect
title to the lots in that town, which
has to some extent retarded the
growth of the place, has at last been
settled. Now that every man can get
a warranty deed to his lots the
Times naturally expects to see the
town put on a few stunts in grow-
ing.

A TIMELY SUGGESTION.

Zeb B. Sanders has not been a citi-
zen of Ada quite as long as some of
us, but he is filled with the booster
spirit all right. The News is in hearty
accord with the following suggestions
by him. Says Mr. Sanders:

"Was it John Sherman or Horace
Greely who said, 'The way to re-
sume is to resume.'"

The way to build a deserving town
is to let the outside world know
something of its allurements, at-
tractions, prospects, increasing pros-
perity and its possibilities of attain-
ment.

"As the growth of the city is large-
ly dependent upon the efforts put
forth by the individuals composing it,
and as the costs and expenditures
of the various methods employed
must fall upon its citizens, it occurs
to us that a system of campaigning
might be reduced to quite a meagre
and almost unnoticeable expense by
appointing a certain day, for in-
stance, by way of suggestion the first
day of May, 1911, and requesting each
citizen from school age to the eldest,
to on this day mail to some friend
in some other city in this state or
in any other state a brief statement

concerning the allurements, attrac-
tions, prospects and increasing pos-
sibilities of the City of Ada, Okla-
homa.

"The paramount issue is getting
'em started."

That Ada is becoming known
abroad as one of the most prosperous
and promising towns in the state is
evidenced by the fact that scarcely
a day passes without some business
man coming in seeking a location.
Just now there is not a vacant busi-
ness house in the town and unless
another block or two is built the
growth of Ada will be considerably
retarded. The News hopes to see a
building era inaugurated in the near
future that will provide room for a
number of additional enterprises.

WAITING FOR THE OTHER FELLOW.

About the first thing the aver-
age youngster thinks about when or-
dered by his parent to perform some
duty about the place is to try to
shove it off on some other member
of the family. He naturally wants to
escape the disagreeable task. Many
a man has had reason to regret his
neglect of some neighbor in distress
because he thought the other fellow
would look after him. Many have let
golden opportunities slip through
their fingers while waiting for the
other fellow to clear the stones and
stumps out of his way. Many a town
has died of stagnation because ev-
ery man in it was waiting for the
other fellow to start something and
also keep it going after it was
started instead of putting his own
shoulder to the wheel and helping
make a go of the work which would
have made fortunes for others and
himself as well. In this age the
man who waits for the other fellow
seldom gets anywhere. Neither does
the town where that type predomi-
nates.

DID NOT TOUCH HIM.

Congress promises to make an-
other revision of the tariff—this time
downward. But as the tariff does not
affect the spring crop of turnip greens
happy on the way, we have but lit-
tle interest in the matter.—Wapa-
nucka Press.

The Topeka Journal is just begin-
ning to discover the wisdom in
Florace Greely's advice to young
men to go west. It calls attention to
the fact that a train robbery at Coffeyville netted \$20,000 the other day,
and that on the same day two bank
robberies in Kansas and Missouri
netted \$4,600 and \$4,000 respectively,
while bandits who raided a New
York club house on the same day
got only three cents, says the Lin-
coln Star

The Largest Locomotive.

What is to be the limit in develop-
ment of the locomotive, railroad men
are becoming very unwilling to say,
for hardly has one apparent maximum
been reached than announcement is
made of another record. A new loco-
motive about to be turned out of the
shops of the Santa Fe is to exceed
officials of the company state, by
100,000 pounds, the largest ever built
before. The new mammoth is one of
twelve to be constructed in the To-
peka shops of the Santa Fe, and is
designed to pull heavy freight trains
up the different grades on the west-
ern slope of the Sierra Nevadas.

The new locomotives are of the "Mal-
let-Articulated" type, meaning that
each is virtually two locomotives,
constructed as one, and joined in the
middle to allow of taking curves.

The total weight of engine and
tender is estimated to be about 825,-
000 pounds, compared with several
machines built by the Santa Fe a
year or two ago, then the largest in
the world, which weighed 700,000
pounds each.

The former type was about 112 feet
in length, while the new record-hold-
ers are to measure 121 feet from end
to end, including the thirty-eight foot
tender. The height, 15 feet 6 inches,
is limited by tunnels and bridges.
Twenty drive wheels, each 36 inches
in diameter, will exert a tractive
force, which, were draw bars capable
of standing the strain, would pull al-
most 10,000 tons on a level track. This
equals more than 175 loaded freight
cars of 50 tons' capacity, almost the
largest built. The engines are oil
burners, for, it is said, no fireman
could shovel coal fast enough to keep
steam up to the maximum pressure
of 225 pounds per square inch.

Moissant's Comparison.

"The ate John B. Moissant was a
genial as well as a skillful airman,"
said a Chicago editor.

"I remember well a visit he once
made me, with drawings of an aero-
plane of his own invention under his
arm. I joked him a little about the
machine—it certainly had a heavy,
awkward look. But he said with a
laugh:

"Oh, don't judge even an aeroplane
by its outside. What if the man who
discovered the oyster hadn't stopped
to pry open the shell."

EXTENSIVE IMPROVEMENTS

CHOCTAW COTTON OIL CO. TO
BUILD MODERN GIN.

The Choctaw Cotton Oil Co. is plan-
ning to expend several thousand dol-
lars during the coming few months
preparatory to handling a still larg-
er share of the cotton ginned at Ada.
The company will build a complete
modern eight stand, 70 saw gin plant
on the site of the old gin familiarly
known as the blue gin. It will have
a capacity of 150 bales of cotton per
day and will without exception be
the most modern and complete gin-
ning plant in this part of the state
and equipped with every convenience
known to the ginning business.

COUNTY COURT ON CIVIL DOCKET

The county court convened this
morning and took up the civil docket.
The first case tried was a suit in-
volving the possession of a horse, the
parties being A. J. Harper and W. E.
Little of Stonewall. The jury awarded
the horse to Harper and also gave
him \$50 in cash.

DORMITORY FOR THE NORMAL

COMMITTEE DECIDES TO ORGA-
NIZE STOCK COMPANY TO
BUILD DORMITORY.

The committee appointed at the
mass meeting some days ago to con-
sider ways and means of providing a
dormitory for the Ada normal held
a meeting this morning and decided
to take steps looking towards the
erection of a \$12,000 building. It is
the plan of the committee to organize
a stock company and secure as many
citizens as possible as stock holders
and in this way raise the necessary
funds for this much needed enter-
prise.

As stated before the future of the
Ada school depends largely upon pro-
viding cheap board for the students
and if Ada is to realize the good
from the school that may be reason-
ably expected, there must be a con-
certed action at this time.

Jersey Mch Cows.

and commanding that the undersig-
ned sell said property under the same
restrictions and regulations provid-
ed by law for the sale of personal
property on execution and apply the
proceeds of such sale as in said
judgment directed.

I, L. E. Mitchell, as Sheriff of Pon-
totoc County, Oklahoma, will on
Wednesday, the 19th day of April,
1911, at the Orrin Nelson farm one
and one-half miles east of the town
of Francis, Oklahoma, where said
property is located, at the hour of
one o'clock P. M. of said day, offer
for sale at public outcry and sell
to the highest bidder for cash, all
of the property above described and
that the same will be sold in one
lot or parcel.

Dated at Ada, Oklahoma, this 8th
day of April, 1911.

L. E. MITCHELL,
Sheriff of Pontotoc County, Oklahoma
By R. C. Duncan, Deputy.

3-10td-1st Pub. April 8th.

New Gin for Allen.

Allen, Okla., April 8.—A. M. De-
Bolt, of Oklahoma City, has let the
contract for a \$7000 cotton gin to
be built on a site opposite the Cum-
mings and Crumley gin in Allen. The
Munger system will be used. Mr. De
Bolt bought the site of the Allen
Townsite Co. Workmen are already
busy hauling rock for the building
of the foundation and the gin will
be completed in ample time to help
take care of the fall cotton. On com-
pletion this will make a total of
three gins for Allen. The DeBolt will
be a three stand gin.

QUALITY

Judge McKeown shows great physical as well as legal ability in an effort to clear the heavy loaded docket of Seminole county. He is working night and day, and is holding up under the strain remarkably well.—Wewoka Democrat.

Watch the "Wants" for a strong inkling of where to find a better furnished room than the one in which you are living. And is not "more comfort for you money" in the matter of your furnished room worth trying for? 3-tfd

M. S. Adams says the News reporter is no good when it comes to writing up remarkable happenings. He claims that the paper did not begin to give John Ralls the justice due him in the account of his killing the pelican at the cement plant a few days ago. It is Mr. Adams' opinion that the bird was fully a mile and a half high when shot and that if Mr. Whitaker had not stopped him Ralls would have killed a dozen or more birds with the remaining shots in his gun.

Ford, the plumber, made a flying trip to Holdenville yesterday.

J. H. Schulte of St. Louis arrived Saturday evening for a visit to his brother, W. F. Schulte.

Pure Linseed Oil and Collier's White Lead at Ramsey Drug Co. 239-tfd

The two story stone residence of Dan Hays being erected about half a mile southeast of the city limits, is nearing completion. When finished this will be one of the best of a large number of suburban residences built around Ada during the past two years.

Married.

Yesterday the marriage of W. M. Cummings and Mrs. Docia Rusk was solemnized, Rev. Leroy M. Anderson performing the ceremony. Mr. Cummings came to Ada from Sasakwa about a year, although he was well known to many Ada citizens while residing at Sasakwa. He is a good citizen and has many friends here.

The bride is an estimable lady and the News wishes for them a happy life together.

A Well Merited Tribute.

Geo. A. Henshaw, the retiring and last Grand Master of Indian Territory Jurisdiction, has been on of the very, very busy men of the state during the past year. In addition to his manifold duties as Grand Master he has been attorney to the Corporation, Commission, has gone through a hard fought political campaign, which resulted in his election as one of the board for which he was attorney and since election the duties of his state office has been many and various. Brother Henshaw has certainly been a very, very busy man and thus has verified the saying that success comes with hard work. A large share of the success following his administration of the affairs of the Odd Fellows of Indian Territory has been due to the intelligent and painstaking aid rendered him by Grand Secretary Chauncey. The two officers have certainly understood one another and have worked together to great advantage. The affairs of the Grand Lodge of Indian Territory are now in better shape than for some time and this is due largely to the efforts of these two men. All honor to them to whom honor is due.—Oklahoma Odd Fellow.

WATERWORKS IMPROVEMENTS

Ada, Oklahoma.
Sealed proposals will be received by the City Clerk of Ada, Oklahoma, at his office in the City Hall, until 3 o'clock P. M., April 17, 1911, for the furnishing of all the tools, labor, material and appliances necessary to unload, haul and distribute pipe, excavate and backfill trenches and lay, complete and ready for use, the following approximate quantities of pipe:

Pipe outside of City limits:
65,000 linear feet of 12 inch pipe, either of cast iron or steel. Bids will be received for laying each kind of pipe, 3,000 linear feet of steel pipe, 30 inches in diameter and 3-16 of one inch thick.

Plans, specifications, form of contract and proposal and full information may be obtained from the consulting engineers, Goodwin & Harper, 920 Searritt Bldg., Kansas City, Missouri.

Each proposal must be accompanied by a certified check or not less than five (5) per cent of the amount bid, made payable to the City Treasurer of Ada, Oklahoma, as a guarantee that the bidder receiving the award will enter into contract with the City and furnish satisfactory bond within ten (10) days after the contract is awarded.

The City reserves the right to reject any or all bids, to waive any informality, and to award the contracts as may be deemed to the best interests of the city.

W. B. JONES, City Clerk.
Dated April 4, 1911. 209-104d

FINE SERVICES YESTERDAY

THE MEETING AT FIRST CHRISTIAN CHURCH VERY SUCCESSFUL.

Two immense audiences taxing the capacity of the church greeted R. A. Blalock who is leading in the evangelistic services conducted at the First Christian church.

The singing was superb, possibly no better has ever been heard in the city. L. T. Walters is getting fine results from the 75 voices composing the choir.

The speaker was at his best yesterday; impassioned in his appeals to the highest, clear in his elucidation of facts of the gospel, heart reaching in the presenting of claims of Christ, compassionate in his pleading, Mr. Blalock is at once interesting as a speaker and as an exalter of the Christ.

Tonight's subject will be "The Tragedy or Glory of Sowing and Reaping."

A number will be baptized at the evening service.

The subject for the evening was, "What Think Ye of Christ?"

Whose son is he? The speaker said in part. My friends I want to get before your minds this evening the circumstances surrounding the advent of our Lord to earth. What would the society folks of Ada say of a mother who would give birth to her son in a manger down here in one of these livery stables? Had Mary been the wife of Pilate there would have been room in the inn but for Jesus there was "no beautiful chamber, no soft cradle bed, no place but a manger, no where for His head, no praises of gladness, no thought of their sin, no glory, but sadness, no room in the inn. No room, no room for Jesus, oh, give Him welcome free, lest you should hear at heaven's gate, "There is no room for thee."

My friends Jesus does not care for a room in the inn, but he is pleading for a room in your heart tonight. God help you my brother tonight to throw open your heart's door and give Him welcome free.

Christ passed his boyhood days in a village so vicious in character that it was a hiss and by-word throughout all that country, so true was this that the people said "con anything good come out of Nazareth." And when He reached manhood's estate, and was ready to commence the work which God had sent him to earth to do, He found the money and the politics of earth arrayed against Him, yet in spite of it all, in spite of the manger, in spite of Nazareth, in spite of the money and the politics of earth, He planted his foot steps deeper in the sands of time than any other man that ever trod its shores.

He wrote His name higher up on the scroll of human achievement than other characters in all the history of the world. Oh, my friends, "What think ye of the Christ? Whose Son?" Could the son of Joseph have done all this? God help us tonight to say with Peter, "Thou art the Christ the Son of the living God," and with Thomas, "My Lord and my God."

YOU TAKE NO RISK.

Our Reputation and Money are Back of This Offer.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. Could anything be more fair for you? There any reason why you should hesitate to put our claims to a practical test?

The most scientific, common sense treatment is Rexall Orderlies, which are eaten like candy. They are very pronounced, gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, nausea, flatulence, griping or any inconvenience whatever. Rexall Orderlies are particularly good for children, aged and delicate persons.

We urge you to try Rexall Orderlies at our risk. Two sizes, 10c and 25c. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store. The Gwin & Mays Drug Co.

Succumbs to Burns.

Mrs. Will Mitchell, who, while washing last Thursday, was burned about the body and face, when her clothing caught fire, succumbed to the injuries received and died yesterday morning at the family home, 5 miles northeast. The remains were brought to Allen and interred in the cemetery. The Hustler's heartfelt sympathy goes out to the bereaved relatives and friends.—Allen Hustler.

TEACHERS WILL MEET

AT OKLAHOMA CITY

Oklahoma City, April 10.—It is likely that the convention of the State Teachers' association, one of the largest state meetings, will be held in Oklahoma City this year, following action taken at the meeting of the executive committee at the Lee-Huckins hotel Saturday. The convention will bring to Oklahoma City more than 4,500 persons. At the meeting plans for the convention were discussed, and it was decided to submit the proposition of entertaining the teachers to Oklahoma City.

This was the first meeting of the committee in 1911, and much important business was disposed of, including the discussions of possible routes for the Oklahoma teachers to the National Educational association, which will meet in San Francisco the first week in June. It is planned to charter a special train from Oklahoma to the convention and Oklahoma City teachers are to have a special car of their own.

The 1910 State Teachers' association convention met in Muskogee and the year before in Oklahoma City. More than 5,000 teachers of the state are members of the association. At Muskogee about 3,500 attended in February and nearly that number attended the convention in 1909, during the holiday season in Oklahoma City.

The members of the executive committee who met in Oklahoma City are: T. W. Butcher, president of the association; R. E. Tope, chairman of the committee; W. W. Cunningham, secretary and treasurer; W. J. Dodson, L. E. Christian and M. L. Perkins. All of them are favorable to Oklahoma City.

Will Pay High Price for Weevil.

Vicksburg, Miss., April 10.—Cotton planters in the Mississippi delta are trying every imaginable plan to foil the boll weevil this season and save their cotton. Capt. Joseph Mitchell, one of the largest planters, has offered a standing reward of \$1 for every boll weevil delivered to him alive. He expects to get a large number and will dispatch them immediately upon receipt.

With the announcement of this offer two days ago a number of negroes in the delta began preparing for a boll weevil campaign and will start out tomorrow morning.

Despite his faith in the reward, Capt. Mitchell will not risk too much on cotton and will continue largely with diversified farming for at least another year.

Resume Town Lots Sale.

Oklahoma City, Ok., April 8.—The sale of town lots will be resumed in the Choctaw Nation April 24. The first will be at Cottonwood, where 161 lots are ready for disposal. On April 26, 124 lots will be sold at Adamson, 237 lots at Heavener on April 27 and 83 lots at Dow on April 29.

JAMES SHELBY THOMAS COMMISSIONER OF EDUCATION

Washington, D. C., April 10.—Parents and teachers in the Southern States will be interested in the fact that on June 1st, James Shelby Thomas, dean of Virginia Christian College of Lynchburg, will become Commissioner of Education for the Southern Commercial Congress. His work for the congress will carry him into all states of the south, for the purpose of bringing about a quicker exchange among all educators, of educators, of educational ideas and of school improvement suggestions. He will also work out a plan for the Southern Commercial congress, where by it can assist College and other students of the south to secure or complete their education along scientific lines.

Mr. Thomas is a young man with an unusual educational record. He was born in Saltville, Va., in 1880. He received his education in public schools, then prepared for college at Tazewell, and the city high school at Catlettsburg, Kentucky. He took his degree of Master of Arts at Milligan College, Johnson City, Tenn., in 1900. Immediately after graduation he became an instructor in the same college. In the years between 1900 and 1902, he took an active part in improving Tennessee school condition. In 1903 he moved to Lynchburg, Va., and was a founder of Virginia Christian College. He was one of five men who borrowed \$100.00 each to close an option for the college property that is now worth \$250,000. In 1905, when the Board of State School Examiners of Virginia was organized, he became supervisor over twenty-five counties, and later was state supervisor of rural schools. During Mr. Thomas' tenure of this office, he raised by private subscription nearly half a million dollars to be used in the erection of improved school buildings. In addition he secured, by his direct efforts, an increase of school tax in a large number of Virginia counties.

The educational purpose of the congress is to work for the guidance of pupils in the common schools of the South, so as to prepare them for useful careers, though unable to go to high school or to college. It also proposes that those taking education above the public schools, shall have their minds directed toward technical studies, since the approaching great day of the South in agriculture, in manufacturing and in general development will call for thousands who are scientifically trained. It also believes strongly that the school growth and guidance of the South should be based upon the needs of each community and should not be artificially forced by those who do not know the educational problems the South faces.

COLORADO WOMAN FOUND

GUilty OF PERJURY

Denver, Colo., April 8.—Mrs. Margaret Miller was found guilty of perjury yesterday in that she swore to false statements before the legislative committee investigating charges against Judge Greeley, when she accused him of accepting \$2,000 as a bribe to send sixteen striking coal miners to jail for violating an injunction. Unless she is brought in to be sentenced tomorrow, Judge Whitford may be called on to pronounce sentence as he takes the bench in the criminal division next week.

It was announced by District Attorney Elliott that as a result of the conviction of Mrs. Miller, information would be filed against certain labor leaders who were directly interested in procuring the testimony.

The Oklahoma City Times Makes Progress.

With the suspension of The State Capital, formerly published by Frank Greer in Guthrie, the republicans throughout the state are turning to The Oklahoma City Times, which is now the oldest paper published in

Oklahoma and is the acknowledged Republican newspaper of the state.

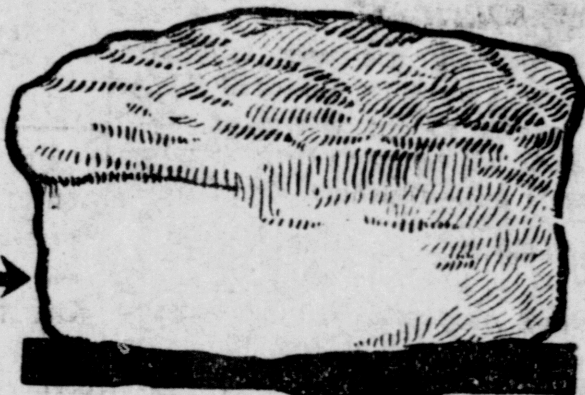

The Times is making a special subscription offer of \$2.00 by mail from now until January 1st, 1912.

The Times is an afternoon, Associated Press paper, published in the capital and metropolis of the state, is ably edited and compares very favorably with the papers of the larger states.

Subscriptions and remittances at this special \$2.00 rate should be sent direct to The Times, Oklahoma City, Oklahoma.

If This is a Biscuit

What is This—

ANSWER

One—the flat, sad, sickly looking one—was baked with poor baking powder; possibly the high-priced kind—possibly the cheap, big can kind. It denotes a lack of leavening gas, or an uneven distribution of same—or both. The other—the large, light, fluffy one—was prepared with Calumet Baking Powder, and denotes the never-failing, delicious baking that always results from its use.

Calumet does not cost as much as the high price baking powder, but it is very much superior in every way—it is purer—more reliable—more healthful. Here are the reasons:

All baking powders undergo a chemical change in the process of baking. You do not take it into the stomach in the same form as it is in the can. For example: When you use Cream of Tartar Baking Powder you get Rochelle Salts in your food, because the Cream of Tartar during this reaction turns into Rochelle Salts. This, as you know, is a drug, and should be taken only under doctor's orders.

Calumet is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect.

That it is absolutely pure and of highest quality is proven by the fact that
